# SAVE THE DATE !!!!

**28th Annual Roop County Days 2024 June 22 - 29, 2024**

Roop County days will be June 22nd -29th, 2024. Just a friendly reminder that we are four months out for our annual shoot. I am in the process of reviewing the applications and they should be posted about the first week in March. Check our website/facebook page for updates. We will once again offer the “Shootist Award” to any/everyone who shoots all four matches. We have a number of “First Years “ awards to hand out and for those who have already received one, there is a new design for a second year award. In addition, there is a lot of work and cleanup that needs to be addressed before our Annual.

There are a number of things I would like to accomplish this spring. We have old steel that needs to be

scrapped, stage facade’s that need painting, repair, and curtains replace. Also there we should look at a couple of connex’s that could use some work. Just a general clean up all around. I have talked to Make Your Mark about setting up a couple of work days to get the range in shape. Expect some notices coming out to

solicit you help .

Gold Rush Allie would like me to remind you, she still needs DONATIONS for the raffle. Please look around all your cowboy stuff and if you find something you no longer use or need, consider donating to the raffle. It would be greatly appreciated.

I received a text message from Sheriff Winchester that the ore cart is done. He will need help setting it up on the rails. Hopefully we can get this done around the first week or two in March. I would like to see the club start using the cart so we can work out any bugs and safety issues before

RCD. Still intend to add new shotgun targets for the stage too. So stage 8/9 should have an ore cart, new shotgun targets and Rifle???

This years Christmas Party will be at the Carson City Train Museum. We tried to keep it at the Silverland but they priced us out of this venue. So we have made arrangements for the museum. It will be on December 7th. More information will be forthcoming as we draw nearer to the date.

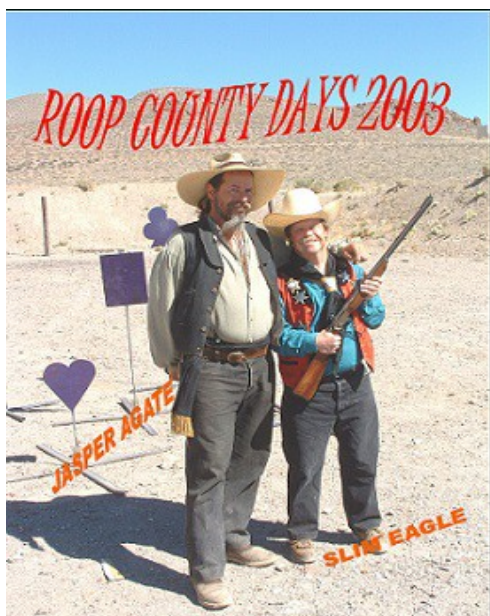

As to local news, a number of members have contacted me about the new property owner. Just to keep everyone on the same page, I have talked and exchange emails with the owner. In addition, he requested a copy of our lease. He should now have it for review. Not sure what our future will be, but will continue working with the new owners for the best interests of the club.

We still need stage writers for this year. Last item for this month. I have hurt my shoulder and have restricted my shooting.

After further review with the doctors, seems I tore it up pretty good. I will be having it fixed and am told the recovery can be 6-8 months. I am hoping to be able to shoot RCD but will not know for a while. I will also most likely miss a number of monthly shoots along the way. I still plan on dropping by as my recovery progresses. Until then Jasper has volunteered to fill in for me.

So until then, See you on the trail..... Bordello

## From your Sectartary – Jasper Agate

Howdy all,

Not much to report for this month except for we had some new shooters join our ranks and dang if one of them shot cap guns!! A man after my own heart and he shot them very well to boot!! We had 4 new shooters that were very enthusiastic and fun to be around. Can't wait to get back to shooting and hang out with the new "kids".

We have a few shooters down in AZ shooting End of Trail and we wish them the best. Shoot straight and fast but remember to have some fun as well!!

49er Preacher and I are going out to check the conditions of the long-range venue and hopefully we'll have a positive report for you all. It seems like we didn't have much participation in our long range last year and want to have the kind of matches you all want.

Please get a hold of 49er Preacher or myself and let us know what you want in a match and we'll see if we can make it happen!!

We still need stage writers and I for one, would like to see some Tom Horn action! Please see any board member or coordinator to sign up to write 6 stages for a monthly match. We have a lot of specialty targets that are just gathering dust and it would be fun to have more than 4 pistol, 4 rifle and 4 shotgun targets out for our amusement!!

Our very own Bordello Fellow and a bunch of other folks are working hard to see that our annual matches are the best ever. They need the entire membership to step up and lend a hand. It's not all physical jobs that need bodies, so what ever your strength and stamina is we need your help!! I used to be

able to do a lot of the physical stuff and unfortunately I'm now restricted to doing anything but putting out steel or heavy hauling. I've done my share of that and now I'm resigned to the fact that ain't happening any more but there are a lot of things that I can do for the club and I'm bound and determined to do so!! Please see Bordello to see how you can lend a hand!! Remember this is your club and we need your participation!!

Hopefully next month will be sunny and warmer and we'll see you on the range,  
Jasper Agate

## From our Wild Bunch Coordinator - Flanigan Flats

**Howdy all,**

I hope everyone is having a great winter. We had five shooters show up for what promised to be a cold Saturday, to shoot the February Wild Bunch (WB) match. I must have been having a good day (or more likely the fast shooters had sense enough to stay home) because I won the match as well as shot clean.

Going forward all WB matches will be Teddy Roosevelt and Doughboy friendly. Dig into those closets and the back of the safes and dust off those forgotten old lever action deer rifles or crusty old military bolt guns and come out and play. New rules allow your regular cowboy rifle and shotgun, so come on, let's play.

A great big thank you to Wild Bill Berry and the beautiful Gold Rush Allie for their support. Their expert brass picking, counting and scoring is what enabled us to have a fantastic shoot with only five shooters. We could not have done it without them. THANK YOU BOTH!!!

That's it for now and I'm looking forward to seeing you all in March.

### COWBOY & Wild Bunch Issues

SASS has published new Shooter Handbooks for both Cowboy and Wild Bunch. I have the materials and will be using them for the 2024 classes. They are also available to you on the SASS web site.

There will be two meetings at EOT. The first is an informal meeting of some of the attendees of last year's meeting when the new proposed "rules" were announced. It is a thank-you event for those who were part of the historical SASS Wild Bunch committee.

The second meeting is the formal SASS meeting of both the Cowboy and Wild Bunch TG's.

I have heard rumors (yes only rumors) that some of the traditional Wild Bunch clubs are creating a H3G, Historical 3 Gun, shooting organization which will be separate from SASS.

**I have been invited to both meetings and I am looking forward to hear what everyone has to say. I will post my notes in the March newsletter.**
