March 2018 **Volume III**

Howdy All,

I didn't make the match do to a case of pneumonia. The boss said I need to take it easy and I'm heeding her advice!! I'm feeling better and should be as good as new in the near future. Thanks to Ike for stepping in for me and Brazos for all that he does!! You all had 24 shooters come out and brave the cold morning with 4 shooters shooting clean. I'm sorry I didn't get a chance to visit with the new shooter Mr. Wood. I hope you had a good time!!!

22nd Annual Roop County Days Meeting

We need to have the Roop County Days meeting. Let's shoot for April 1st after the HPD match. All are welcome and are encouraged to attend. We will be discussing jobs that need to be filled and how we can communicate better with the Battle Born Rangers.

April HPD Match

Speaking of the April HPD match, Slow Thunder and I will be writing the stages for the day. HMMMM, April fools day I wonder what we can come up with!?!?!? Ike will have his ever-popular Josey Wales match for the Roop April monthly match.

Range Maintenance

Hopefully things will dry out and we can get started on gussying up the bays, more on that later in the month. We have our bays adopted and those folks should be starting their plans on what they would like to change and their plans for improvement.

Monthly Stage Writer Changes

We have a small change in the stage writer's calendar. Please make a note on your personal calendar. We need to swap Fallen Grace's underwear shoot HPD May 6th with Pasco HPD June 3rd shoot.

Not much to report this month, I hope to see you all on the range soon.

Jasper

Howdy All and Happy March!!!

I just wanted to include a quick note in this months newsletter to remind you all that I will be having the clothing "sale-for-donation", to benefit the Happy Trails Children's' Fund, at a couple of the larger shoots this year. Our clubs will match what we raise so it gives us an opportunity to gather a sizeable donation. Please bring unwanted cowboy clothing items to the range and I will pick them up from there. Thank you!!

I also wanted to let you know that there has been a change in the HPD match schedule. As I will be out of town during the HPD May match (which was scheduled to be my 'Underwear Match'), Pasco Trace was kind enough to trade months with me.

Pasco Trace will be writing the stages for the May HPD Match and the Underwear Match will be held at the June HPD Match.

So what that really means is this:

It will be even warmer for the Underwear Match and I expect to see a lot more of you all

Wait

I expect to see a lot more participation from you all in my Underwear Match this year!!!

The Clever Cowboy

Tony was a handsome and clever cowboy. One day he went to a neighboring city. He was feeling hungry but had no money. Still he went inside a hotel.

Having had his fill he shouted, "I'll challenge everybody present here that none of you had ever seen a horse with it's tail where it's head should be." Everyone thought that he was fibbing.

One man said, "It's impossible. If you show us, then I will pay your bill."

Tony took them to a stable where had tied his horse by it's tail to the feeding trough. People understood that Tony was clever.

The man paid his bill.

The End . . .

Just a few pictures from around
