

A Hale and Hearty Hello

The BBR Board held a meeting after the ROOP shoot this last Sunday. A few of the members also attended to listen in and offer up comments on what was discussed. Some of the key items we discussed;

Roop County Days

ROOP County Days is 2 months away. We have only 14 people registered. We urge the club members to sign up as its our major revenue generator for the year. Trophy type was decided. We will be awarding newly designed trophies for 2nd and 3rd place and medallions all side match awards. Gold Pans for 1st place. We were granted \$2,700 from the Fernley Visitors and Convention Bureau. This will cover the cost for the trophies and the shooters books.

Onsite Portable Sanitation Device

Our onsite portable sanitation and containment device, port a potty, has not been getting serviced by the guys on site. They don't want to do it anymore. JJ will verify the cost to get it serviced monthly from one of the companies. It will cost \$65 a month.

We will rent additional port a potties for ROOP County days along with a trash dumpster. We will get a larger dumpster so we can toss a bunch of the stuff in the containers that we no longer use or is, well, trash.

Everyone agreed we need an annual budget to mange too. JJ will use our expense and revenue report from last year to create a 2018 budget. Jasper has kept good records for the last 5 years on the expense and revenue for RCD so that can be used for the budget this year.

Financial Matters

We have \$46,000 in the bank but.....the account isn't growing. With the monthly shooter fees and the collection of the annual dues we are just breaking even.

Sass Nevada State Wild Bunch Championship Match

The annual Wild Bunch match had 21 shooters and we made a little over \$800 after expenses.

'New to Us' Electronic Equipment

The club has a "New to us" laptop that was given to Jackpot Jerry to use of our web site and scores reporting

Annual Picnic

Our annual picnic is August 18th. It will be at Mills Park in Carson at the same pavilion. The club is providing the appropriate animal bits to be cooked. Everyone else needs to bring a side dish.

Property Concerns

We discussed the current property situation. We know that Dan, the owner, has the property up for sale. Its been for sale for maybe 2 years??? We don't have an annual lease with him. He has never wanted to do one since he took possession of the property. We pay \$500/month which is the same amount we have paid since the other owner increased our rent and we had to raise monthly shooter fees. Dan's OK with us as long we keep the place clean, respect the security requirements, and provide him with a Co-Insured line on our insurance policy. So, for now we are in the same situation we have been in since Dan bought the property. Like before, if the property sells we would have to wait and see what the new ownership decides about having a shooting range on the property. We did investigate buying our portion, as in would it be possible. Maybe sort of. But we determined that there isn't any way we could come up with the down payment and the revenue stream to buy it. So, we lease. We will continue to keep in touch with Dan about what's going on.

El Growing Simmer by the Day
Ike

Howdy all,

Wow, we had thirty people join us for what turned out to be a pretty nice day!! Thanks to all that helped Brazos with the steel. He's never one to complain, but the week before he did too much and was down for the day after the HPD match. It's hot and none of us are getting any younger. We need to be there for whom ever is pulling that little trailer!! Thanks to Blaze for writing some simple stages that were easy to set up and more importantly to put away in the heat of the day!! Pasco is the stage writer for Roop in August.

Long range Match

The Saturday Aug 11th before the Roop monthly match in August we have a long range match scheduled. No details yet, we'll let you know as the time grows closer. This is your heads up to make some ammo!! I am planning on going out on Friday some time to spend the weekend.

Annual Picnic

The club picnic will again be at Mills Park in Carson City on Aug 18th. Mark your calendars and come on down and join the fun!!

Roop County Days

Roop county days are almost upon us and we need folks to sign up not only to shoot but to help with the amazing amount of work that an event like this turns out to be. We have almost no help for our side matches and we make a fair amount of money from that. We will be having our world famous raffle again this year and your donations are welcome and very much appreciated!!! Roop County Days is the only moneymaker that the Battle Born Rangers put on during the year and we need both your monetary support and also your physical help as well. As I said before none of us are getting any younger and many hands make for light work!!!!

Work - Work - Work

It's amazing how much work piles up after being gone for a whole month. My goal was to write about our trip, but there just hasn't been enough time. I'll try to get it in writing in the next couple of weeks and maybe send it out as an addendum to our fine newsletter.

Hope to see you all on the range real soon,
Jasper

Be thankful we're not getting
all the government we're
paying for.

Will Rogers

Memorial for an Old Friend – Nevada Turtle - 1945 - 2018

**Renee and Tony Copeland, Don's sister and brother-in-law,
have let me know the important information regarding Don's Memorial
Service.**

His family invites you to the Memorial and Potluck service at:

**The Veteran's Hall
Corner of Second Street and Curry
Carson City, NV**

**Saturday, September 22, 2018
2 - 6 p.m.**

This is not be a military service.
