**WONDERFUL CHRISTMAS PARTY AND TRIBUTE TO OUR LOST FRIENDS**

## **FROM OUR PRESIDENT:**

On November 23rd was the annual November Turkey Shoot. After postponing our normal shoot on the 16th due to rain, mud, and snow, we were much relieved that the weather on the 23rd was clear skies with the temperature reaching the low 50's by noon. Shooting the four stages were 13 shooters with 5 shooting clean. Congratulations to Hawkeye Dick, Bordello Fellow, Make Your Mark, El Dorado, and Deadeye Dick!

The Turkey shoot followed immediately with everyone vying for a place in the winner's circle. Make Your Mark brought a new twist to the competition with a Caldwell ClayCopter which is fun and challenging. Those birds were cooking! Pictured below are our three winners. Hawkeye Dick finished first place and selected the turkey. Jackpot Jerry was second and took the ham. Deadeye Dick finished out the winner's circle in third place and took home the bacon. We hope everyone enjoyed the Turkey Shoot.

The annual Battle Born Rangers and Silver State Shootists Christmas dinner was December 5 at the Carson Valley Inn. Bordello Fellow and Jasper Agate gave a moving memorial for the cowboys lost in 2025. The dinner was excellent and it was great to see everyone. If you couldn't make it this year, consider coming in 2026.

## **DECEMBER CHRISTMAS SHOOT**

For our December match we will be saving Christmas from the Grinch. There will be challenging bonus targets as we try to get the Grinch off the mountain. Someone suggested maybe bonus targets on all six stages ?? Maybe only three. Hostage targets ? You will have to come to Howville in the Gulch December 21<sup>st</sup> to find out.

**After the match, a number of us plan to go down to the Gold Hill Saloon and have lunch and visit with each other.**
