SILVER STATE SHOOTISTS MATCHES IN GOLD HILL !!!

From the Board;

[OCTOBER 2019 Gold Hill Shoot](#)

From your board:

Although many of the local gunslingers were in Railroad Flats for the End of Track shoot we still had 14 shooters in the Gulch for the October 20th shoot and again we could not have asked for better weather. Thanks to JJ for the stage designs! And thanks to everyone who helped setup and tear down. It is a lot of work to make the Gulch work for us but this was by far the best we have had it. Washoe Monty donated some money for a ten foot boardwalk that Jackpot Jerry designed and installed. It really helped in the Upper Gulch location. It helped so much that the board has approved spending the money to put boardwalks in the Middle Gulch and Lower Gulch locations also. Doc picked up six straw bales that we placed in front of the pistol targets in the three shooting areas. They seemed to stop a lot of the splatter. The new targets and stands are also working extremely well. They are in great shape and with the realigned angle are deflecting most of the splatter into the ground. Jackpot Jerry built some new legs for the fencing and it stayed in place throughout the match although we just had very light breezes.

Georgia Blue is writing 5 stages for the November 17th Turkey Shoot match. After the five stages, there will be a shoot off for the \$50, \$25, and \$10 Sportsman Warehouse gift certificates.

RO Classes –

With the new SASS guidelines for the RO classes, The board decided it would be too much to do in conjunction with the Christmas Party so we will try and do the RO classes early next year.

Christmas Party–

The Christmas Party invitation is included in this newsletter. Please RSVP no later than the Turkey Shoot so we can get a head count and numbers of entrees to the catering company. Shooters and their families cost is \$25 per person. The club is subsidizing the additional costs. You do not need to be a member of SSS for the discount. This includes any of our California friends that may want to come to the party, stay in Virginia City overnight and maybe shoot at Fernley on Sunday.
