Longarm

7:02 call to order.

Bill. Main point of business is who is going to be on the board since he was stepping down. The club can only remain viable if we have people willing to step up and run it.

**Officers** - Bill started conversation about officers. Bill is stepping down. Larry and Sam are out. After a lot of conversation, Doc committed that he will stay as Treasurer and Jerry will stay as Secretary. After long conversations about duties and who would help, the board was selected as follows:

Diamond Dirk Slade President  
Georgia Blue - VP  
Jackpot Jerry - Secretary  
Doc Holiday -Treasurer  
Rusty Ranger – Member at Large.  
Minnesota Buckshot - Member at Large

**Range** - Jerry gave update of range and Gold Hill. Doc stated that lots of folks looking for a range in Virginia City. Doc has many connections in the Virginia City area and will continue to look for a permanent range. In the meantime, we will work on the Gold Hill property and continue to shoot there as long as we can.

**Safety, steel, stands** - Deadeye dick gave a great lecture on targets, stands and safety. He agreed to help us make or stands and targets safe. A motion was made to engage Deadeye Dick to examine our current targets and stand, salvage what we can, discard or sell defective steel and stands, replace with safe new steel and stands. Doc and Dick will work on this and are authorized to spend up to \$2,500.

**Membership dues** - We are committed to continue as a club and will continue to work on finding a permanent location for our matches. Jerry and Doc will concentrate on the Crown Point Gulch in Gold Hill. Therefore we are now collecting the 2019 membership dues.

**Roop County days effect on our September match** - The Nevada State Wild Bunch followed by Roop County Days will be a full week of shooting just prior to our third Sunday scheduled shoot in September. The effect of this is that all of our members attending RCD's indicated they would be to shot to shoot at our match. It was decided that the SSS shoot for September would be postponed for one week and held on September 22nd.

**SASS rules** - loading on the run, shooting on the run. This came up due to the controversy in California. Shooting on the run is strictly forbidden under SASS rules. Our club adopted a rule not allowing loading rounds on the move even if the gun stays out of battery. This practice is allowed under SASS but due to our uneven terrain we have not allowed it in the past as an added safety precaution. It was decided that we would continue with the club rule as it now stands.

**Meetings** - more often until we are stable. Our next Board Meeting will be August 18th after shoot. Doc will find us space to have the meeting in Virginia City after Jerry's recommendation of the Bucket of Blood was rejected.

## **Gold Hill Shoot**

**The first Shoot in Gold hill was attended by 26 shooters and half a dozen others as helpers and spectators. It was a very interesting venue that has a lot of potential. I (Jackpot Jerry) posted one video on a couple of sites on Facebook and YouTube and it was shared 27 times. That is interesting but the fact that the shares were done in Romania, Czechoslovakia, Japan, Italy, Australia, as well as the United States was the really interesting item. SSS, Reno Slim, and Jasper Agate just got international exposers.**

Captain James West, Doc Holiday, Justin, Longarm, and Washoe Monty shot clean matches. The duel goes on between Longarm and Washoe Monty with both shooting clean and only 1.21 seconds between them for the six stages. Well done everybody.
