

A Few From Our President - Irish Ike

Hello Spring!!

A large group of us Northern Nevadian's braved the mountain roads to attend Arroyo Cantua. Some of us participated in Wild Bunch,

Some did the side matches, and all of us shot the match Friday and Saturday. The shoot was attended by 135 shooters so they had a very good turnout. Diner Friday night was followed by a memorial gathering to remember and say good bye to Wild Root.

Our Thursday night gathering of the Pizza's hosted by the newly elected Major of Reno, Reno Slim and his minion Jasper turned it quite the social gathering. We had 2 ovens and 3 Bar B Que's going to bake handmade Pizza's. And then the Possum Hollow Gang showed up with a plank of Pizza's. They literally had a 10' 2x12 with 6 or 7 Pizza's on it. Let the fun begin.

They also brought their portable fire pit. After several nights of diner and socializing there were a few complaints about having a aching face and stomach muscles from smiling and laughing so much.

This is crazy it gets when the the Possem Hollow Gang appear in camp.

After checking the surroundings it seems everyone's marriage is in tack. No livestock were harmed, and we have been invited back. And we came away with a number of first place awards.

HPD May Shoot

I thought our attendance would be down because a number of our shooters were at the Five Dogs shoot near Bakersfield. But we had 27 shooters, a nice turn out. Long Arm wrote the stages and started with saying, ' these are easy stages, stand and deliver, real fast'. And let the fun begin.

At the end of the day I determined our Posse' had some negative Karma. I have never seen so many guns jamb, squib, and fail to fire. Add to that the number of misses going around was also beyond normal. Cal Tex rider went through 3 rifles before he finally settled in. I had 9 misses..... I don't think anyone shot the match clean on our posse.

The weather was perfect and we still had a good time.

As we were all packing up to go we had a surprise visitor. Vern comes over and says there's a girl out there taking pictures of our license plates. She saying we did something to her and so as El Hefte Supremo I walked over and confronted her. She was obviously homeless and I would say several bricks short of a full load. I walked her off the range but not

off the property. I called the Lion County Sheriff's Department. I wasn't so worried about her doing something around there, but more about her condition. All she had was the clothes on her back, no water etc. Anyway two Sheriff's showed up and searched the property and didn't find her. I bet you didn't know a Grand Marquis could go up the dirt road by the water tank!! I was surprised. Anyway they left and I locked up. We found out later that she had also done the same thing Saturday at Wal-Mart.

Now that I think about it we do need a social director. We missed our chance.

WS/Shootout at the Comstock

We are in the final throws preparing for Western States. Coffee cups and name badges are ordered. Trophies are almost there. We have the Golf club house and diner all set. Jasper has the scouts set for helping, breakfast and lunch.

Again whether you are going to shoot the match or not we need your help at the range during the event.

We have lost our score keeping team of Footloose Phil and Aloha. They have done it a number of years and we thank you both for that. SO, we now need someone to step up and do the scoring for us.

That's all for now.

NEW SHOOTERS ORIENTATION

By Drifter John

Hello fellow Cowboys and Cowgirls

A few weeks ago I mentioned at one of the shoots that I am going to have a new shooters orientation on June 2nd. The idea **IS** to get new shooters interested in CAS and hopefully join our clubs thereby increasing our revenue a little. I am going to put out flyers at all the sporting goods stores and gun shops and in the RGJ around the end of this month. There is a sample on the bulletin board in the pavilion. The orientation will start at 9:00 and I intend to go over all our safety rules, loading procedures and basic shooting skills then shoot three or four stages. In a perfect world I would like to have a Cowboy/Cowgirl for each new shooter to walk them through loading and unloading and to insure safe gun handling. In the flyer I stated that it was open to the first thirty shooters but obviously I have no idea how many we will get. I will know more as the 2nd gets closer as I am

going to have them register with me prior to the shoot. Washoe and Longarm have graciously offered their services but I will need more help depending on the turn out. We will be camping out that weekend so many of our loyal, enthusiastic, charismatic, and all around great club members will be on hand anyway. Any suggestions or comments will be greatly appreciated. Thanks Drifter John
