

# High Plains Drifters Cowboy Action Shooting Club Fernley, NV

July 2013

Volume 7

## MONTHLY MATCH

We had 27 shooters show up on Sunday and shoot 6 of Brazo's stages. Everyone seemed to have had a good time. Not too hot, not too windy. A nice day for a shoot. We do need to remind everyone to drink water as the match goes on. It was very warm with low humidity at the range and we didn't need anyone getting dehydrated, whether it is an HPD or a ROOP shoot. So bring something to drink and the clubs will also provide water.

## RANGE OWNERSHIP

We do have some issues to deal with here. On Sunday, the day of our match, there was a fella out there doing dirt work on our bays. I asked him what was going on and he told me that he had been hired by Doctor Solomon (the current owner) to remove lead from the bays with a front-end loader. After a bit of heated discussion, I convinced him to work somewhere else while we shot our match. After the match, stopped and talked to Dan Simpson (the potential new owner). Dan told me he had nothing to do with the lead removal and that Dr. Solomon had taken it upon himself to do it to help the sale go through. I am trying to contact Dr. Solomon to find out what is going on.

We had some representation down at the World Championship End of Trail in New Mexico. Bobcat Tyler was 13<sup>th</sup> overall. That is really saying something! He also won a side match and received a buckle about the size of our TV for his efforts. Captain James West shot a clean match! Wylie Fox shot the match and I do believe that our very own Tumbleweed Ed managed a long-range win in the 500-meter match. Well done to all that went down there!

## BOARD MEETING

After the match, we held a board meeting. We voted on some changes to the by-laws. The change in Article VI Section B was voted down. We already have something in place to deal with that. We did add the position of Vice President, which brings us in line with ROOP and other organizations. Nominations were held and the only two offices with nominations were:

Vice President – Sheriff Winchester

Secretary – Blackjack Slim

All other officers will remain in place.

Also at the Board meeting, we discussed the current range ownership situation and agreed That we should probably put some feelers out in case our status changes. It doesn't hurt to Plan ahead and have some type of contingency in place.

## DEADEYE DICK AND DUTCH DALTON'S

### SHOOTERS SCHOOL

This Saturday, the 13<sup>th</sup>, Dick and Dutch will hold their shooters school. It is based on the Evil Roy system and will show everyone some advanced techniques. The cost is \$20.00 and the class starts at 8:30 am. You will need to bring snap caps to fit your guns. Chef Jasper will provide lunch.

### ROOP MONTHLY MATCH

Sunday the 14<sup>th</sup> is the regular monthly Match for ROOP County. Jasper is back in town and CC Dollar is writing the stages so you know they'll be fast. Take what you learn on Saturday out to the range on Sunday and see how you do.

### ROOP COUNTY DAYS

Roop County days is just around the corner and Jasper will be asking for some help. Make sure you Cowboy up and offer him your assistance. Also, make sure you sign up to shoot it too. That's about it for now. If I get any more info on the range, I will pass it on.

Thanks for all your participation!!
