Toys For Tots Shoot

The Third Annual Toys For Tots Shoot will be held on November 6, 2010 at the Rice Canyon Range.

Sign ups are at 9:00 AM and shooting starts at 10:00 AM. This is the day light savings time schedule.

Entry fee is one new unwrapped toy. No guns or that type of toys. This is about the only restriction on toys. If you don't have a toy you can make a donation and that will be turned over to the Toys For Tots so they can buy toys. There will be lunch served after the shoot. Hot dogs with the fixings and drink for \$5.00. Again this year there will be a stage for those that have not shot CAS. Guns and ammo will be provided. If people under 18 want to shoot they will need to have their parent or guardian there.

As everyone knows our weather can be unpredictable. For that reason if you have doubts about whether the shoot is

going to be canceled or not, you can call Sam Bullet at 530-254-6536 and he will let you know. So if you haven't been up to the range in the past couple of weeks come up and see what improvements have been made.

November Meeting

The November meeting will be held at the Janesville Pizza Factory on November 19, 2010 at 7:00 PM.

NICKLE'S WORTH

Hopefully everyone will have gone out to vote. One vote can make a difference, especially on close races.

The Toys For Tots shoot might be the last shoot of the year and then again maybe not. Just depends on Mother Nature. With the parking lot taken care of, there will be no danger of sinking into the mud if we get a little moisture. I am looking for ideas and suggestions for improvements to the range. If you have ideas please let me or one of officers know. Only by getting feedback from people who use the range can we make it better.

Kicking around a couple of ideas for shoots other than CAS. These will be held sometime next year. One will be a chance for people to try out guns and caliber's that they have not shot before. Still in the planning stage.

Another is to have an open house after we get all the projects done. By inviting the public up there and showing the different shooting disciplines, maybe we can increase our membership.

There was a suggestion for the Sierra Sportsmen to have a booth at the Lassen County Fair. Sounds good to me. Volunteers are always welcome. I plan on being there to help out.

"To compel a man to subsidize with his taxes the propagation of ideas which he disbelieves and abhors is sinful and tyrannical."

Thomas Jefferson

Keep your powder dry and deny the enemy the high ground.
