### **Liason to Sierra Sportsmen** -Orion

The next meeting for the Lassen Regulators will be held at the Janesville Pizza Factory at 7:00 P. M. on February 18, 2011.

### **March Shoot ?**

As I sit here writing the newsletter and looking at the sunny weather outside, I am thinking about a March shoot. If the weather holds until then, we should have an opportunity to start out the season a little bit early. However, this will depend on Mother Nature. If there is a shoot, it will be held on March 5,2011. Signups are at 9:00 AM and shooting starts at 10:00AM.

If you have access to a computer and the Internet, you can find out what the weather conditions are at the range by going to [www.lassenregulators.com](http://www.lassenregulators.com) . Click on the info box at the top, scroll down to Weather Wx, click on this and you will get a detailed forecast for the range.

Other things will be put on our web site as I can the info to the web master.

### **NICKLE'S WORTH**

Now is the time of year to start getting ourselves and our gear ready for the coming season, at least those of us who have not been able to get out to any matches because of weather or other reasons. Time to go over our equipment, reload ammo if you don't have enough for the year, and making plans for annual shoots.

Hope to see everyone oon the range this year. The range is looking great and more improvements are on the way.
