**July**              **2013**

## **What's inside-----**

- 1. Shoots**
- 2. Meetings**
- 3. Nickle's Worth**

## **JULY SHOOT**

The July shoot will be on Saturday July 6, 2013. Sign ups are at 8:00 AM and shooting starting at 9:00 AM.

What better way to celebrate the Fourth of July weekend than to come out and make a lot of noise without getting into trouble. This is also a good time to get limbered up for the Sagebrush Rebellion.

## **Sagebrush Rebellion**

If you haven't made plans to attend the 2013 Rebellion, now is the time to do so. Get your applications in as soon as possible, as after July 15 the price increases \$5.00 per shooter.

It is our goal to make each Sagebrush Rebellion better than the year before. We'll have some new targets and of course new and challenging stages.

## **Sierra Sportsman Meeting**

The next meeting for the Sierra Sportsmen will be on Monday July 8, 2013. Start time is 7:00 PM at the Pizza Factory in Susanville, Ca.

## **Lassen Regulators Meeting**

The Regulators will be meeting on July 19, 2013 at the Janesville Pizza Factory. The meeting will start at 7:00 PM. The final details of the Rebellion will be ironed out hopefully. We will be having a work day to get ready for the Sagebrush Rebellion on Saturday July 27. We will be starting around 8:00 AM so we can get done before it gets to hot.

## **NICKLE'S WORTH**

Having come from shooting with the Shasta Regulators at their annual and talking with all the good folks up there, brings to mind some of the problems facing CAS.

First- none of us is getting any younger. How do we

get the younger people involved to take over from us?

Second--The cost of our sport. The prices of ammo and components are getting higher every day when you can find the stuff.

Third--The laws and regulations designed to stop us from participating in our sport.

I surely don't have any answers on how to fix any of these problems, especially here in California. All I can say tho, is to not give up and say that it hopeless. For if we do then THEY have won and we don't want that.

Why do we put on annual matches? There lots of reasons why. One reason is to have people come that we haven't seen in awhile and get together and have a good time. Another reason is to have a higher level of competition than our monthly matches. It is not about how many people show up, but the getting together for a good time. We'll be putting on our annual match even if only one person shows up. Keep your powder dry.
