## NICKLE'S WORTH

At the last meeting of The Sierra Sportsmen, we had a couple of people bring in ideas for new activities at the range. One was a new archery club interested in using some of the unused area of the range for an archery range. The other was starting a shooting team at Lassen High School. The shooting team would use the trap and skeet range for training and intramural matches. Both of these proposals will add new members to the club and use more of our facilities. In the last issue of The Lassen County Times there was an article of two young gentlemen who took part in the Luau trap shooting tournament in Redding. Both of these youngsters plan to join the shooting team at the high school. This is where the future of our shooting sports is. By providing facilities and programs for the young people and encouragement, we can keep the shooting sports going into the future.
