

VOLUME 1

ISSUE 2

Hello Cowboys and Cowgirls

As most of you know we are in the process of creating a new overall club and corporation. We have selected the name of Battle Born Rangers. The new club will consolidate both ROOP and HPD's assets. The idea is that we can save money by eliminating duplicate fees to the State, insurance, and SASS.

As part of this we have re-organized many aspects of both clubs to again reduce duplication of volunteers and efforts. What has been decided is the following;

1. Both ROOP and HPD will maintain their club identities for the monthly shoots.
2. We will only have two annual matches. ROOP County Days, and Wild Bunch.
3. We have had volunteers take on all the individual parts of what we do as an organization. Such as Long Range, Range Master, IT, and Social Director.
4. We will go forward with a 5-person Board of Directors. Elections will be in the Spring of each year. The current temporary Board consists of Irish Ike – President, JJ - Treasurer, Black Jack Slim – Secretary, Sherriff Winchester – HPD Coordinator, Jasper Agate – ROOP Coordinator. We will hold elections this spring to allow the membership to formally elect the Board.
5. 49er Preacher has completed the new corporations By-Laws. And he is submitting them to the State for approval. Once approved we will be a "Non-Profit" organization.

That's the big picture for now. I'll sign off with the closing comment I made at the shoot this month. This organization or club depends 100% on volunteers to take on all the tasks needed to keep us moving forward. And ultimately, we are all in this for friendship and the fun that we have. So, let's all respect each other's ideas, opinions, fast and slow shooting. And most especially please volunteer your help.

Temporary, Interim, short term, lame duck El Hefei Supremo.

Howdy all,

A huge thanks to all the folks who stepped up and helped Jackpot Jerry set up the stages. Setting up six individual stages for two weeks in a row is a lot of work. A big thanks to Jackpot Jerry for taking on the stage writing and set up for two weeks in a row!! We have Cpt. James West writing stages for the March 5th HPD match. He was going to try some different things we don't normally do, but was advised against it for some reason. I don't know about you, but I tire of 10-10-4 and look forward to a little change!! Somewhere in the volumes of SASS handbooks is the statement that innovation starts at the club level and we should embrace that even if it doesn't work!! We need to praise and thank all that take up the huge job of writing and setting up stages or we won't have anyone volunteering to do so!! We have a big weekend planned for the Roop monthly match weekend. Our first campout of the year is planned for Friday the 10th. JJ is writing the stages for a Wild Bunch match for Saturday March 11th and on Sunday March 12th we have our world famous Red Shirt Gunfighter match. Remember you don't have to shoot gunfighter to join in on the fun.

The stage writers calendar is up on our website and we are planning on inventorying the different targets we have and having a round table with the stage writers to help them know about different specialty targets we have available.

Things are changing as far as the clubs' management goes. We have sent in the paper work for a new name and are working towards becoming a non-profit organization. More on this as it happens.

# HPD AND RCCSA MONTHLY MATCH

## 2017 joint club calendar of stage writers

Howdy all,

Here you go folks, please mark your calendars. If you need to cancel try to do it a few weeks before our match. Please make sure that one of us coordinators or range masters reviews your stages before the beginning of the match.

Each monthly Stage writer is responsible to for the entire match. This includes complete set up and seeing that everything is put up and all the conex's are locked. If you want help let us know and we'll put the word out to the entire club. We have a slight snag in our inventorying of the specialty targets. It seems that Rowdy Robin slipped in the ice and broke her wrist. We'll wait till to do the inventory until she is up to it. Soon after that we will schedule a round table of stage writing for those interested. There are some ??'s about the wild bunch schedule. If you want to pick up any of those please contact Bordello Fellow. At the end of this document are the names phone 3's and emails for all the stage writers and other important folks.

*An old rancher had a small ranch that he worked for many many years. Then one year, the IRS claimed that he was not paying proper wages to his workers and sent an agent out to interview him.*

"I need a list of your employees and how much you pay them," demanded the IRS agent.

"Well," replied the rancher, "There's my ranch hand who has been with me for about 3 years. I pay him \$600 a week plus free room and board."

"Any others?" asked the agent.

"Well, the cook has been here for 18 months ever since my wife passed away. I pay her \$500 a week plus free room and board." answered the old rancher.

"Is that everyone? You realize that making false statements to the IRS can mean a fine, jail time, or a confiscation of your land and equipment!" said the IRS agent trying to intimidate the old rancher.

"Well," thought the old rancher, "there's the half-wit who works about 18 hours every day and does about 90% of all the work around here. He makes about \$10 per week, pays his own room and board and I buy him a glass or two of bourbon every Saturday night as a reward."

"That's the guy! I want to talk to the half-wit!" demanded the agent.

"That would be me," replied old rancher.
