

SHERIFF'S BLOTTER

By C. C. Dollar

Hello everyone...what a great August shoot. 29 shooters showed up with friends and family and the weather was perfect. This shoot ended on the heels of the Western States Police and Fire games and I can't thank everyone enough. If I may be so humble I have never been more proud of our club. There were only 12 shooters but they came to shoot and compete. Our club members did a complete host match...none of the shooters needed to do any posse work. I shot on the posse and it felt nice standing in the shade between stages watching a well oiled machine run everyone through 10 stages. If I remember correctly we finished the 10 stages by 2:00 in the afternoon. My most sincere thanks goes to the following members for their help: Irish Ike, Nevada Turtle, Charlie Parkhurst, Russ T. Chambers, Jasper Agate, Reno Slim, Drifter John and Big Pete, If I left anyone out I apologize...my brain was full that day. And the results...well...Team Roop (the local boys) showed them LA detectives and Bay Area fireman how to shoot (yes my head is still big). Team Roop...Fanner Fifty, Deputy Ray and C.C. Dollar took home the Gold Medals in the team shoot. Fanner Fifty fought a tough match against Deputy Ray for the Silver Medal in the Grandmaster Class and some fella named C.C. Dollar took home the Gold Medal in the Open class. Thanks again everyone and if life treats us good we will all do it again in five years..

Roop County Days is coming up fast. Who would of thought while we were shooting in the June snow that fall would be here so soon. Once again we have a great venue planned with more shooting than last year. Our biggest problem this year seems to be how to cram 10 pounds of fun and shooting into a 5 pound bag. So...we have made a few changes to our schedule and wanted you to get a heads up. It's all here on the attached schedule

so check it out. We have organized it so everyone will get a chance to shoot all of the side matches. Once again we are giving away a Cadillac for the top shooter in the .22 challenge. This year it is a 1958 Cadillac Eldorado in mint condition. The .22 challenge will be like the last few years...10 rifle, 5 pistol and one shotgun. Any open sighted none semi auto rifle is allowed, any open sighted pistol is allowed (semi auto pistols will have five rounds in the clip) and any shotgun is allowed. All pistols will be staged so no holsters are needed. Speed Big Bore and Speed Pistol Duelist

head count. That's it...just remember to bring all your toys.

THE DEPUTY'S DESK

By Toni 2 Bits

Hello Roopers

Guess we've been haranguing you enough to sign up for Roop County Days, so I won't belabor the point....it's your club and if you don't shoot....it's still your club.

Anyway, enough of that...The Territorial Governor's meeting is fast approaching in December at the Riviera in Las Vegas and even though the agenda items

are also included in the side matches with first, second and third place awards being given out. We are also going three deep for the awards in the speed matches (for both men and ladies), all five long range categories and the main match. If you haven't sent in your application but plan on shooting please give me a call or e-mail so I can do a

haven't been solidified yet, if you have any ideas for agenda items that El Rod (for HPD) and I (for Roop) can vote on, let me know. I hope 2 items that have shown up on the TG's SASS Wire don't come up for a vote...they are both pitiful. A month or so ago, the TG's wire mentioned there are "some" clubs that are letting shooters sign up with 2 alias,

pay 2 entry fees, and shoot in 2 different categories. Sounds okay at the onset, (clubs get double money and shooters get to shoot more), but there are a couple of "oops!"

What I didn't like after thinking about it was the shooter could get a "practice" run at a stage whereas all the other shooters would only get one chance if they were in the same category of his stage. And what really got a few people up in arms was "someone" actually had a match DQ (probably dropped a loaded gun), and since he/she was signed up twice, he/she wanted to continue shooting in the "second" category. Pale Wolf Bruniel, who is one of the Moderators on the Wire and I think is on the RO Committee, said it was too bad for the shooter, but he/she was "out for the day". His analogy was that if a person had a "split personality" and he committed a crime, then both the personalities would go to jail. Sounds good to me.

The other stupidity just showed up on the wire. Seems there is some questions about Duelist category using "three" (yes, 3) holsters. Even though it's especially against SASS rules, some shooters want to use 2 "weak" side holsters - one being a cross-draw and on the same side, one being a straight drop-down. This would allow the shooter to draw from a cross-draw (which is usually faster), and rather than return the pistol to the cross draw, they would just "drop" it into the holster that hung straight down their leg. I saw something similar to this at Western States a couple of times, but only using the regulation 2 holsters - one being the cross-draw and then the regular strong-side one. What these shooters would do is just before the "buzzer" went off when he started shooting the stage, he would switch the butt of the pistol in the holster so it was "backwards" in the holster, but as a Gunfighter or Double Duelist, he could grab the pistol in his left hand, shoot it, and return it with the right hand into the cross-draw holster. I checked with a "black badge" RO and that was legal -- I still don't like it. Holsters were made to have a pistol in one way -- not a switch-o change-o.

My last thought to you all is to remember to save Saturday, December 4, for our annual chocolate party. We're lucky this year the party can be a week after Thanksgiving weekend, so

hopefully, your house won't be loaded with family and you don't feel comfortable bringing 25 people to the chocolate party. Anyway, keep that date in mind.

I will be doing pictures again this year for everyone (as if anyone cares), and we have the long gun covers for the shooter's packages and will be selling the remainders of them to raise some money for the club.

See you next month.

THE JUDGE'S BENCH

By Jasper Agate

Howdy all,

We had a great time at the Police & Fire games. We had the BEST help ever!!! Thanks to all that came out. Our very own CC Dollar took first place over all with Fanner Fifty right behind him. Team ROOP took first in the team event also with the help of our good friend Deputy Ray. The next time those games roll around come out and help or just watch, we had a ball!!

Our monthly match went well and I hope all that came out enjoyed it much as I did. Drifter John wrote one of the stages and that was greatly appreciated. Thanks to Denio, Brazos and Big Pete for the help setting up. Turtle, Fanner Fifty and Drifter John came early on Sunday to put the finishing touches on the stages. A huge thank you to all that helped set up and tear down!!! My worn out body isn't letting me do as much as I would like and I'm going to need more help from the club to get things set up and torn down. I tried to make the stages all a little different from each other so we won't be doing the same old tired thing. If you have any ideas about different stages let me know and we can get them down on paper and try them out.

Are you all ready for the best ROOP County Days we've ever put on? I hope so because we are working hard to make this year the finest ever! Denio is writing the stages, I'm doing the cooking with Ike's help and Grace is baking the cookies! There are a lot of folks that are doing more than their fair share and their help is greatly appreciated. It takes as many people helping to put on a small match as it does to produce a large one. Without your continuing support and help ROOP County Days could become

a thing of the past. We can't do it all by ourselves with all the jobs that need to be done. If you've signed up to help THANK YOU, THANK YOU, THANK YOU, if you haven't and want to help see me or CC Dollar and we will find you something to do.

If you haven't signed up for the match, time is still left to join us at our best shoot ever! We have our 12 main match stages plus plainsmen, Wild Bunch and long range along with a very cool night shoot and CC Dollar's great side matches. We are even going to set up a Shotgun Frenzy for Saturday after the main match for you animals who haven't got in enough shooting!

Hope to see you all at ROOP County Days,

WESTERN STATES POLICE AND FIRE GAMES

(Editor)

I want to express my sincere gratitude to all the club members that volunteered to help out at the WSPFG Western shooting venue. Everyone that has responded to my follow-up email said they had a great time. While we didn't have a large number of shooters, The fact that we got everyone through all ten stages by 2:00 says everyone did a great job! Those of you that came out and helped these shooters need to know that WSPFG are hosting a BBQ for all of us"

Please join us on Sunday, August 29, 2010, for a thank-you BBQ. Your families are invited and the food and drink are provided by us.

Please plan to join us:

Sunday, August 29, 2010
12:00 noon – 4:00 p.m.
Idlewild Park, Snowflake Pavillion
1900 Idlewild Drive
Reno, Nevada

Again, thank so much for your support. We could not have done it without you.

Hope to see you there!

THE FISH CREEK WAR

Next in a series from Harold's Club
Pioneer Nevada
Supplied by Slow Eddy

Dwarf cedar and nut pine, burned in kilns to produce charcoal, was the

principal fuel for Eureka smelters during the boom days .when tons of lead and bullion moved to market from the rugged little mining camp. Because of the undiminishing appetite of the furnaces, charcoal became a major business with Eureka.

In the late summer of 1879 all the scrub timberland adjacent to Eureka had been depleted and it was becoming increasingly necessary for the Carbonari (name applied to the Italian immigrants who manufactured the charcoal in their stone kilns) to move farther and farther away from the town to sources of timber supply. The greater hauling distance, in addition to the added expense of setting up new charcoal camps, clearly indicated to the Carbonari that their charcoal should bring greater returns at the Eureka smelters.

The mine managers and smelter operators failed to agree with the Carbonari viewpoint, however, and flatly refused to pay the thirty cents a bushel price which the charcoal burners requested. Standing firm, the mine managers stated that they would pay 27V2 cents a bushel and no more.

Maddened by resistance to their request, the Carbonari marched upon Eureka, gathering sympathetic members of their trade along the way. On August 11, they took possession of Eureka in a-by-no-means peaceful manner. The Charcoal Burners' Union, which numbered several thousand men in its membership, prevented any deliveries of charcoal to the smelters. The rioters defied police authority and refused to allow the arrest of any of their numbers. In addition they completely controlled the charcoal pits thus making it impossible for mine owners to transport charcoal to the slowly dying furnaces.

The governor was urged to call out the militia to quell the "insurrection." Major Butler in San Francisco took the required action, but a lull ensued during which the Carbonari awaited expected action and prepared to enforce their stand.

On the sixth day after Eureka was taken over, a sheriff's posse of nine men attacked the charcoal ranch at Fish Creek about thirty miles from Eureka and opened fire on approximately one hundred Carbonari stationed there. Great excitement followed the clash. I t was claimed that the Carbonari were well armed, but it was also noted that five of them were killed, six wounded,

and that the sheriff's posse suffered not a scratch. A coroner's jury cleared the posse of blame, and the Fish Creek War brought a sudden end to the rioting as Carbonari returned to the kilns and once again charcoal was shipped to the smelters.
