

SHERIFF'S BLOTTER

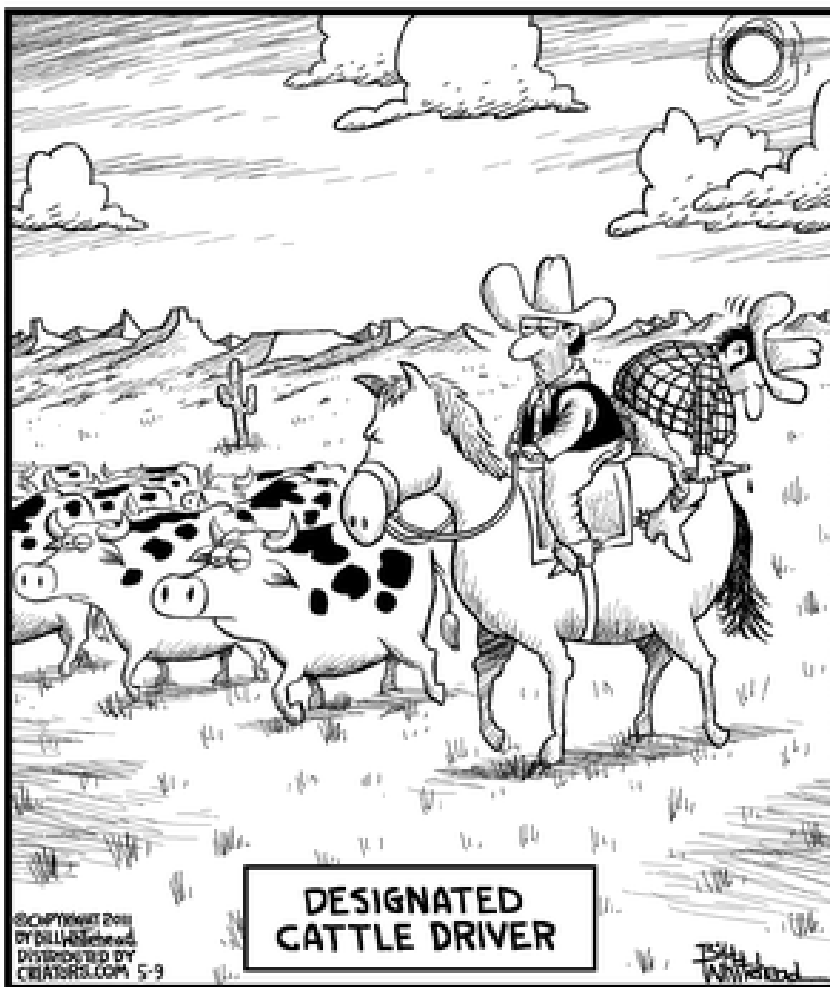

By Jasper Agate

Howdy All,
When BeeBad and I arrived at the range on Saturday morning Longarm and his sister Donna were already there and he was slinging steel. All he asked me to do was remove the downed prop on bay 1 and to get out a couple of shotgun knockdowns, well we never got around to doing any of his requests, Sorry Buddy. We did get a crew together first thing on Sunday morning and thanks for your help guys!!! We had a great Saturday afternoon 22 and such shoot. Reno Slim and Vicious Vicki showed up, but Slim was bunged up and couldn't play. We shot 4x4's in half with 22's and put out a bird thrower and had our way with it using our 410's. Fanner backed us up with his coach gun, but he mostly shot at chips! Those 410's really work! I even shot at some with my contender 10 inch pistol and dusted a few! Drifter John and I drug out our 1911's and Brazos had his cool Broom handle, that thing shot great! The ladies got in on the action with Rotten Robin and Miss Claudia shooting their cowboy guns and BeeBad shot the 1911 and our new S&W Body Guard, She liked the Body Guard! Fanner has some cool guns. He brought out a Ruger 22 auto with a scope on it and I personally think it was a hit. We lost Fanner fairly early, something about the inside of his eye lids calling him. We were having so much fun that we didn't even notice the wind until it started blow over our empty chairs. Later that evening we had a great Cinco de Mayo celebration with lots of really good food. We missed our Margarita maker Tumbleweed Ed so BeeBad had to step up and make margaritas for the ladies. Ed was off in Ione shooting BPCR and Long Range. I can't wait to hear how our group did down there!! Reno Slim just got back from 5 Dogs with a glowing report. At Arroyo Cantua we made tentative plans to shoot that match next year and Slim's

report sealed the deal! We are planning a mass dissention on that match next year so mark your calendars now!

We had twenty shooters join us and started our day with an emotional cheer for Seal Team Six lead by Big Pete. He spoke of the incredible patriotism those young men have. I feel that our group of Cowboy and Girls mirror the enthusiasm that Big Pete spoke of. I'm proud to be associated with you ALL!!!!!! Long

had the youngster hand me the shot shells rather than reaching into the apron pocket. I still don't understand the name he was tagged with, Walks with Grumpy, just didn't know who they were talking about! There was definitely a lot of fun involved with that stage. I guess you just had to be there to see the humor in it. I wonder why Southpaw kept getting chosen as the apron guy? Rotten Robin made her shooting debut and shot

Arm did a great job with our stages this month. Some of the newer shooters got a taste of what we use to do" in the old days". When it came time to choose a partner I had to choose Fanner Fifty's grandson. I kind of broke the rules and

4 of the 6 stages with us. I think she got a little worn out on the partner stage. Eight shotgun was a little too much for her, but she got through it with a smile on her face. Congats girl and I hope you continue shooting with us! It was great

to see Quick Sliver with us again. I swear I heard his laughter above Ike's shotgun blasts; we had a ball!! Fanny Seabride had a prize basket for the lady who shot closest to her on stage, but she made it clear that the lady couldn't beat her. Congrats to Reese River Ruby for losing to Fanny by .04 of a second!

Thanks to all that helped us clean up after the match. It was great to have that much help on Mothers Day when most had plans for that afternoon. We cleared off all our stuff from the fire function bay, as Quick Cal wants to give it to the Air Guard for their use. Cal got a 3-year lease on the property and we are in negotiations with him on our use. Ike and I had a talk with Cal after the HPD match and it wasn't all what we wanted to hear, but we are going to talk some more and see if we can work out the details. More on this as Irish Ike and I talk to him further.

I'm writing the stages for June and it will be Big Bore optional. We are off on vacation at the end of this month. BeeBad gets to take it easy and I'll get in plenty of shooting! We are going to three Monson memorial BPCR match in Bishop and then off to the great High Sierra Shootout. If you are joining us at Taylor Park, we are having a Hamburger Feed on Friday. Bring your best burger and a topping to share. Don't forget to sign up for Western States as soon as possible. We still need lots of volunteers to help with setting up and running that match. Contact Dutch Dalton or Irish Ike to help. You can get their contact info on our website: <http://northernnevadacas.com>
See you in June,

Those of you who didn't make it to the Mother's Day shoot, missed a lot of FUN! The scenarios were really different and required a change in attitude and a smile. Shooting from cover was a challenge and getting your shotgun shells out of an apron pocket prompted lots of joking and red faces. (South Paw was the favored wearer of the apron and seemed to really enjoy it.) We had a new shooter-our scorekeeper,

Robin. She did really well and seemed to be having fun.

I brought cupcakes for Toni's birthday, but she didn't show up. Hot Babe brought all kinds of goodies-the brownies were the most popular. Trying to keep up with Fallen Grace.

There was also a Cowgirl Basket for the cowgirl who came closest to my score on the third stage. It was won by Reese River Ruby-she was .04 seconds off my score!

Don't forget about the picnic at Mormon Station in Genoa. It's on August 27th and should be FUN!

POST SCRIPT

5/14 Saturday morning at 7 a.m. my phone rings. BeeBad is just getting home from work, so I figure it's for her. I'm stuffing 45 colt cases full of black powder and cramming a big bullet down on them while watching John Wayne's True Grit. The caller didn't want her it was Big Dave calling from CO. He had seen our new website and decided to give me a call. He was on his way to a cowboy match and had a few minutes to burn. He was telling me about his new to him single shots and how he was working on acquiring a pair of Ruger old armies. He wants all of you to know that he will be back in our midst after EOT. He should be here for our Fernley Stock over the Fourth of July weekend. He wanted to leave you all with a joke so here goes (now mind you this from Dave, not me) "Have you heard about the new cocktail called the Osama? It's two shots and a splash!"

Looking forward to having you telling us your jokes in person again!!

From '64 until the early eighties nearly twenty million dollars' worth of silver and gold ore lay sweltering under a yellow-white alkali blanket at Candelaria awaiting development.

In the closing year of the Civil War a Mexican prospector discovered unmistakable signs of silver deposits seven miles from Rhodes Marsh in Esmeralda County, and a year later laid claim to the most promising portion of the prospect. But, for some strange

reason, no steps were taken toward development and the property was forgotten until some five years later when it was re-discovered.

Like any new strike Candelaria flourished since gold as well as silver ore proved a valuable part of the deposit. Before long the Northern Belle became one of the state's leading producers.

Problems of providing for the ever increasing influx of miners and their families were multiple. As soon as the Northern Belle proved its worth, telegraph lines were strung across the dry hot desert to Candelaria. The town site was so barren of vegetation or water that the telegrapher had to seek out the 1700 foot level of the Mount Diablo shaft before he discovered a spot damp enough to attach his ground wire.

Nine miles away a tiny spring became almost as valuable as the mineral properties. Water hauled to Candelaria sold for a dollar a gallon, and even at that price was in great demand. Realizing the potential of the camp, the White Mountain Water Company set about running a pipe line to Pickhandle Gulch, just below Candelaria. At the same time the Carson-Colorado railroad commenced a feverish race with the water people to bring train and freight service to the new camp.

By 1882 Candelaria was the largest town in Esmeralda County and the race between railroad and Water Company to bring their services to the flourishing camp reached a frantic pitch.

On February 25 a trickle of water began flowing into the reservoir at Pickhandle Gulch and the price of this precious commodity immediately tumbled from one dollar to five cents a gallon. A week later the first train of the C and C rolled into the station and Candelaria was able to shed its role of outpost town.

One of the immediate effects in the transformation to city status was the sign Barber Leo Eberle put in his window. It announced "baths at a reasonable rate Hot water \$1.25 . . . cold water 75c."
