Nov. Newsletter

Howdy all,

I think we have started a new tradition! Our November Turkey Shoot was a hit! Southpaw wrote five stages with two side matches that were a blast!! Southpaw and Turtle started the day with the pledge of allegiance followed by a 21 gun salute for our Veterans seeing it WAS Veterans Day. The weather was rather chilly but tolerable. We had the burn barrel going all day for those who needed a little warm up during the match. The sun was shining and all that came out had a great time. We had 23 shooters so we split the one large posse into two groups, just like you would see at End of Trail. One posse worked and the other posse shot. This worked out very well and I think we should use this scenario in the future when we just don't have enough shooters for two posses. The stages were easy for most of us. There were a couple of shooters who had a little trouble with the concept of double tapping the bunnies. We had three shooters clean the match congrats to Fallen Grace, Snake Oil Charlie and Jackpot Jerry. Be sure to ask Jerry how many clean matches he has under his belt, its a fairly impressive number for a relatively new shooter. The side matches were fun with a turkey shoot included with the match price, which was won by our very own Fallen Grace ( I think she had a pretty good day) in 2nd place was Long Arm and Reno Slim came in 3<sup>rd</sup>. All received gift cards instead of an awkward frozen bird. The second side match was a buy in card shoot for \$1.00 a card. The winners took home a bottle of Wild Turkey. We sold all the cards and Black Jack Slim had the winning hand with yours truly coming in second. What a day!! After the match Our camp cook served up hot Turkey Sando's with homemade bread, mashed potatoes and homemade gravy. Gracey brought some wonderful cranberry sauce to go with the meal and Fanny brought three different types of brownies. We also had hot Coffee to warm us up. I'd like to thank all that came out and helped set up and stuck around to make sure everything was cleaned up before we left the range. Setting up and breaking down the kitchen, putting out tables and chairs is a lot of work and your help is recognized and greatly appreciated!!! I wouldn't do it without your generous help!!

We had a number of shooters bring out food for our food drive and we will continue it with both clubs participating next month as well. I brought out 116 items, but it didn't do me much good because I didn't shoot one stage. If I had shot that last stage I think I might have given our match winner Bobcat Tyler a run for his money (OK, maybe in my dreams)

Your Commissioners ratified our new By Laws and they will be up on our website for you to read if you like. The “new” board will be up on our website by the time you read this as well. Turtle has volunteered to be our TG and Dutch Dalton said he would compute and send the scores in to be posted. We still need to fill two commissioner’s positions. The Banker and Scribe positions remain open. I’ll do these jobs for a few months and then some of you will need to step up and help out our club. Neither one of those positions are very difficult and can be accomplished with a few hours of work a month.

We have been busy preparing for our Roop County Days 2013 and the announcement and application are up on our website. We will be bringing our help sign up sheets out to the range after the first of the year. We are also busy working on our joint (both HPD & ROOP) calendar for next year. We’re looking for all the dates of events to add to it. We still need lots of stage writers and we will be bringing out the sign ups to the next match for you to pick a date, write some stages and have some fun. If you have never done this before we have lots of help for you. We have pictures of all the stage fronts and will email them to you if you like.

We are working on a few changes at the range and will let you know about them as we get closer to its implementation. We want to buy some new straw, and have a big burn of all the old busted up tables and props. Washoe and crew are planning on building more new store fronts before our respective annuals next year and finishing the base of our beautiful new flag pole, BeeBad is finalizing her plans on rebuilding our grave yard and we will be asking for help with most of these fun projects!

Washoe Zephyr and Reese River Ruby are hosting our December shoot and if it anything like last year it should be a hoot!!! We want you all to know that after the match we will be serving some adult beverages and “condiments” in our coffee, tea or hot chocolate. We are requesting that you bring some kind of snacks, cookies or what ever your specialty might be to go with our holiday celebration after the match.

That's all for now, see you on the range,  
Jasper
