

Howdy all,

I didn't make the June match. We went off to Marin county to celebrate Sandab Sam's 60th birthday party. A big thanks to Drifter John for taking the reins and Southpaw for setting up the match. We had 21 shooters brave the heat with only one heat related problem. We need to keep an eye on each other when it's so very hot out and drink lots of water!!! Three shooters had a clean match, Fanner Fifty, Capt James West and Flannigan Flats congrats guys!!

The Tuesday before the match a hand full of us went to the range in Boca, Ca to put on an exhibition for the Calif state sheriff's associations annual conference and it was a blast!! Thanks to all that came and participated. Before lunch they had the range open and a most of our group got to shoot a MP5 at the Texas star. Any remaining rounds were fired on full auto. Tyler looked like a pro with that firearm as well! They fed us a nice lunch and we started "shooting it up". I shot my usual frontiersman gunfighter and some how I didn't miss. I then put up my guns to visit with the guests and tell them about our game. I was told by one sheriff how well I shot right before Bobcat Tyler shot. As you might expect I shot the stage in 48 seconds and Bobcat bested me by 30 seconds, damn kid!! Just kidding Tyler you are really on your game and it's fun watching you blaze through a stage! ! After we shot for a bit we invited the Sheriffs to join in on the fun. All our group were just fantastic, going into the crowd and pulling the sheriffs down to give our toys a try. After they shot for awhile we closed down our portion of the range. Everyone was given a single 50 BMG round to send down range with the Barrett semi auto rifle with a killer scope on it. They only had 100 yards to shoot it at, but everyone who fired that monster came off the range wit a huge smile on their faces. The Sargent in charge called me over with the magazine for that beast in hand. He said he wanted me to shoot the five rounds in the mag as fast as I could. I declined, but I called for Bobcat, he gave me a little grief until he found out that I wanted him to take my place. He ripped off five rounds and the ground shook!! Dutch brought his beautiful 8 gauge along and a lot of the sheriffs were smitten with it. A number of us brought along some different firearms that weren't your normal Rugers, '73's and such. We put on a great display guys!!!

At the end of the day at Boca the Sheriffs passed the hat against our wishes and let me say that they were quite generous. I had to think quick on my feet, which rarely happens. They had all piled onto a large bus and I went in and told them they we were going to give the cash to one of our Korean war veterans that was going back on Honor Flight to Washington, DC. Let me tell you that went over so well they were applauding and cheering when I got off the bus. Both clubs kicked in some cash and we are sending Primo, CC Dollars Dad, back to DC with \$500.00. We gave it to him at Shoot A Com. Miss Claudia got him out there and kept it a secret from him. He had us all close to tears. We wish him a great trip!!!

This year for Fernley Stock Irish Ike asked at the last match if anyone would be interested in shooting a master gunfighter stage on the Saturday before their July shoot. I have to admit that BeeBad and I will still be on the road, but that sounds like a great idea. Shooting ten different guns on one stage is truly a blast. If you would like to do this contact Ike so he can plan it out. Ike needs a number of people to commit to shooting that day. It takes many hands to set up that type of stage, but it's worth it in the end. For the Roop weekend of Fernley Stock we have Deadeye Dick and Dutch Dalton giving their rendition of the Evil Roy Shooters school on July 13th at 9:00 in the morning. CC Dollar has some fast and furious stages to shoot the next day.

In August we have lots going on. Along with our monthly matches we have Deadeye Dick is giving us his long range class during the HPD weekend on Saturday Aug 3rd with their monthly match on Sunday. Also we have our joint picnic on Aug 17th at mills park in Carson City .

Roop county Days are right around the corner and we'll have sign ups for our work crew at the next match. We only have a hand full of registered shooters so get those applications into us. You can get an application online at our website: <http://www.northernnevadacas.com/rccsa/index.htm>

That's all for now, see you on the road or range,
Jasper
