

# ROOP COUNTY SHOOTERS ASSOCIATION

Fernley, Nevada

*Volume 11*

*Issue 10*

Howdy all,

What a great day!! The weather was perfect and we had thirty-three shooters split into two fine posses. Justin Case brought two new shooters, a father and son team. Make sure you welcome Bucket of Bolts and Will Shoot to the club. I think Justin holds the record for bringing new shooters into our folds, good job buddy!!! I wrote the stages and we had seven shooters pick up

their big bores to join the fun. It was a little strange that we ended up on the same posse! We had a great feeling of camaraderie on our posse. Everyone worked together well and a few folks picking up the timer who normally don't do so. They did a fantastic job!!

We all were new to running the shooters through the stages at one time. It takes some practice to confidently and safely run the timer for other shooters. As I said before GREAT JOB GUYS!!!! We had a lot of help putting up the steel and such. In fact more than one of the lady shooters of the day jumped right in to help. I was asked, in sincerity, if I thought it was a good Idea to have the ladies help put up the steel and all I could think of was "do you want to tell these cowgirls that their help isn't needed?"

After all was said and done it was a great day on the range!!

We will be collecting non perishable foods for our annual food drive for both the HPD and ROOP monthly matches in Dec. Bring enough food to cover your shooting fees, \$15.00, and shoot free for the day with the feeling of satisfaction for helping those less fortunate than us. Washoe and Ruby are writing the stages for our annual Christmas shoot. They always do a good job and I'm looking forward to that match! Hopefully the weather will be nice and we can have a little get together after the match.

We will be providing Libations both hot and cold, you should bring some kind of snacky thing to go with the festivities. We'll have both Mr. Heaters and a fire going under the pavilion if need be.

We are finalizing next years calendar and we still need stage writers. Check with me and get your date down. All are welcome to write stages, we are there to help you if you are new to the process. All stage writers including us old hands should have your stages looked at by one of the range masters Brazos for HPD and Southpaw for Roop or Washoe and myself. All new stage writers are required to have all the stages written reviewed by one of us at least a week before the match. The stages and round count need to go to JJ the week before the match to be entered into the ACES program.

Our Christmas Party is right around the corner. Dec 20th at JJ and Miss Sue's home. This will be the third annual and the last two have been a blast!! Mark the date on your calendar and join us. We provide the entrée and you all bring the rest of the goodies. If you have any questions on what to bring please contact either social directors Fanny Seabride or Mustang Sally for more information.

BeeBad and myself would like to wish you all a wonderful Thanksgiving holiday and hope you are surrounded by friends, family and loved ones, see you on the range,  
Jasper

## ROOP NOVEMBER MATCH

**BEAUTY And The BEAST'S ?**

## **STAGE WRITERS WANTED**

The first time I attempted to write the stages for the monthly match I was absolutely certain I was going to be the first one to be hung on the new gallows. Jasper assured me no one was going to complain, and if they did, tell them to write 'em themselves next time!

Needless to say it wasn't hard at all, and many experienced writers were glad to help and offer advice. Jasper has a library of stages and different sweeps, and he will gladly give them to you, all you have to do is ask. He outlined what you need to do in his column.

Each person has his or her stage likes and dislikes, and that is what makes it interesting and different each month. So jump in and get your feet wet and volunteer to write the stages for both clubs.
