Issue 12

Howdy all,

Not sure when your going to see this so, BeeBad and I want to wish you a Merry Christmas and a Happy New Year to all!!!

We had at least twenty folks who came out in the beginning of a wild storm!! When my hat blew off three times while trying to pack the truck in the dark that morning I had a feeling it was

going to be a wild day. I stopped to pick up Brazos and we were off. For those of you that take Highway 50 out to 95A you know about the small hill after you make it up the big grade where the wind can be fairly tricky, well that day it was!! It was more of a problem going home. I was ready for it and the hurricane like wind blew us six inches into the other lane. What a day!! I kept walking out from under the pavilion to see if the winds were going to subside. At about 10 minutes to 9:00 am I gathered the "troops" and asked who wanted to go out in the brutal wind and do some shooting. We had but one intrepid soul whose hand shot up. We all decided that Tumbleweed Ed as the sole shooter won the match while shooting clean!!!! Washoe and Ruby had part of the day destroyed, but kept the Christmas spirit going with gifts for all that braved the elements to join us. We had libations and some snacks and headed home. The rain started to spatter the truck around Stagecoach. I was pulling down the driveway at a few minutes before noon and the storm cut loose!! The rain was coming in vertical stinging my face and yes blowing my hat off as well. BeeBad was standing in the garage giving me moral support.

By the time I got my rain soaked gun cart and some other stuff from the back of the truck because of all the food donations you all brought filled all the available space in the cab I was soaked. It wasn't fifteen minutes later that while trying to look out the slider in the gunroom the view was totally obscured by the snow that was blowing vertical and sticking to the glass!!

. I was blown away at the participation for our food drive for those folks who came out in the harsh beginning of a severe winter storm. We had so much that I couldn't fit the food that Washoe had collected the week before into the truck!! After catching up with Washoe the next day to get the rest of the donations I took our haul to Evelyn Mounts home and was greeted by a couple of folks who had a large video camera (it was channel 8). The doors were all closed so I rang the bell on the front door. Evelyn answered my ring and opened the garage door. I was amazed at all the fine folks who were working away in the cold. About the same time the folks with the camera were gearing up for what turned out to be a very large front loader full of food heading down the street being lead by Santa and a dozen or so folks walking with him. I added what we had gathered to their large haul and got out of their fast!! GREAT JOB TO ALL THAT PARTISAPATED IN OUR FOOD DRIVE THIS YEAR!!!!!!!!!!!!!!

I'm gearing up to cook some nice smoked pork roast and a bunch of other goodies for our annual joint club Christmas party and we hope that you can all join us for what has turned out to be one of our great events of the year.

We still need a few more stage writers for our joint clubs' calendar. I'll have the signups at our next match for finalization.

We still need a Judge for our club. See me if you are interested.

Please read Ike's minutes from the TG conference-

<http://www.northernnevadacas.com/index.htm>

I've been asked to cook hamburgers for the January HPD monthly match. There is no way I could refuse the request from our very own Tsunami Sue coming home for a visit from her post in Hawaii.

Jackpot Jerry has added a new feature to our website, a place to sell your guns. Go to the home page of Northern Nevada Cas and it's hard to miss.

We'll be working on our long-range area after the first of the year. If you are interested in helping let us know.

Once again BeeBad and I want to wish you happy holidays and we'll see you on the range,

Jasper

Merry Christmas
