*Issue 2*

Howdy all,

What a great day!! The sun was shining and little wind made for a nice change from our really cold winter. Slow Thunder didn't let us down with some fun stages. We had nine clean shooters with another clean match for Gold Rush Allie!!!

Our 2016 calendar is up on the website. Take a peak and add some important dates to your calendar. Also up on the SASS website is the updated rules hand books. You should at the least

read them before our next match. I'll have an updated copy in my briefcase.

The question of shooting Wild Bunch at our monthly matches came up. I polled the board of directors and the general consensus was that it would be OK on a limited basis. We discussed it again at our January monthly match and decided to let HPD roll with it and see how it goes. HPD is now allowing you to shoot wild bunch at their monthly matches. JJ has the scoring set up so you can shoot the monthly match part Cowboy and part wild bunch should you desire to do so. If you've never shot Wild Bunch be sure to read up on the rules and come out and give it a try!!!

Next month, our March monthly match will be our first campout of the year, if the weather cooperates. Well, yes BeeBad will be joining us, be heading out on Friday so BeeBad can have her favorite Fernley potluck that night. For those interested Bordello Fellow will be hosting a Wild Bunch match on Saturday. I'm planning on some beach chair 22's and maybe a little 410 fun as well. We'll have a potluck on Saturday and some fun around the campfire later in the evening. Sunday will be the World Famous Red Shirt Gunfighter match. You don't need to shoot gunfighter to join in on the fun, but you might want to consider giving it a try!!

I've been having some trouble with my right thumb that has kept me from shooting gunfighter, but I'm going to try to shoot gunfighter for this match. The Red Shirt match will be for bragging rights only. No goofy trophy to take home and hide in your garage, basement or some other out of the way place.

We should have our flyer out for our Twentieth Annual Roop County Days real soon. Make your calendar, the dates are Sept 8th- 11th. Ogalalla has started on the stages and we'll have an organization meeting later in March. We need lots of volunteers to pull off another great match. None of us are getting any younger and we need to distribute the workload a little more!

We still need a Judge, and range master to join the board and help us out at our monthly matches. The job isn't that hard. The most important part is to make sure our monthly stage writers have the stages set up and they are safe for our competitors.

We have a couple of events in October for you to add to your calendar. The first event is the Second Annual Cops & Cowboys Match. It will be held on Saturday Oct 8th with JJ's Think Pink Breast Cancer Awareness Match on Sunday. The second event is the Nevada Day Shootout: The Nevada State Wild Bunch Match that we will be co-producing with the High Plains Drifters. Please plan on joining us we'll need plenty of help for both matches.

The dropped ammo rule no longer applies. The shooter can retrieve anything dropped, bobbled and dropped, ejected etc. from any location, as in the ground. The only issue is if the shooter breaks the 170 while doing so it's a SDQ.

My Posse wasn't aware of it. And once we went over it a few shooters did recover dropped ammo.

***Happy trails to you until we meet again.  
Happy trails to you, keep smilin' until then.  
Who cares about the clouds when we're  
together? Just sing a song and bring the  
sunny weather. Happy trails to you 'till we  
meet again.***
