Cal-Tex Rider probably had a good time

If you missed the picnic you missed another great time!! Thanks to all that came out to join us.

Tumbleweed Ed is sponsoring a long range match this Saturday. If you haven't heard

about it shoot me an email and I'll forward the info to you.

As I said in the beginning of the newsletter Roop County Days is upon us and we need all of your help. There are tons of things to do out on the range. It takes many hands to make light work. See Drifter John, Ogallala Kid or myself to see what we need done. The 2nd annual cops & Cowboys match is on the Saturday before our Oct monthly match. I have applications with me and they will be on the registration table at Roop County Days. New this year- you can use any ammo you want. The power factor thing didn't work out last year so we dumped it.

Be sure to get your app's in for our first Nevada State Wild Bunch Match coming up in October. If you're not a wild bunch shooter there are still things that need to be done to support our clubs. Speak with Bordello Fellow to find out how you can help.

HPD has requested a board meeting with Roop to discuss the reorganization of the two clubs. For some reason they want to restrict attendance to board members only. Most of you know that I have a philosophy that this is your club and I want members to participate in all aspects of our club. I had been in the process of forming a committee to talk to Jimmy Frisco who wrote and implemented the reorganization of the five clubs down at Sac Valley Diamond Dicks Cowboy Town. With a long-range match this weekend and Roop County Days looming I don't have the time to (or the mental capacity) to take on any more until Roop County Days is over. We will be discussing the Nevada State Wild Bunch match because that is also right around the corner.

Back to the list for RCD's,
