Also at the meeting the Secretary gave a membership report. The club now has 56 dues paying members, 1 honorary member and three Life members.

Also at the meeting, Sagebrush Sam wanted to know if he could purchase two new popup targets.

This was approved and so, we will be seeing a couple of new targets soon. That'll make it interesting.

Popups are always fun!!!

COMING EVENTS

It won't be long before the Dayton Buffalo will be roamin the hills outside of Dayton. The fall roundup will be happening a "short" couple months from now. So, it's not too early to git your gear in order. We will be celebrating 13 years for this event and it seems to be as popular as ever. As usual we will be circling the wagons on the Thursday before for our encampment. At the meeting no one could think what to have for the main raffle prize so if anyone has an idea please let us know by the September meeting.

Be sure to mark your calendar for December 4, for that is the date of our annual Fandango at the Fandango, better known as the Christmas Party. This is really a good time and well worth the price.

Talking to Gringo the other night and he has heard from The Handsome Stranger over in Germany. He sends best regards and thanks for our hospitality.

I got an e-mail from our friend Hick down Las Vegas way in which he informed us that as of November 30 he will be shutting down the Nevada Cas web site. Our domain name Silverstateshootist.com can be taken over and kept running if someone with the expertise Is willing.

So, if anyone out there would consider doing this please contact the Prez, Shotgun Marshall at 775-265-0267. Hick tells me that we get approximately 400 hits per day on the web site. Not too shabby. I have gotten a number of calls from people seeking information about the club so I would say the site is worth it.

THE BULLET HOLE

AUGUST 2010

FROM THE MATCH DIRECTOR

Howdy...

Another great shoot. Thanks to Longarm for providing the stages. Thanks to everyone for helping set up and tear down, and thanks for everyone who helped on the stages.

We had 17 shooters and one posse. We had some different ways to shoot the targets this time. We had the Texas Star and the rifle targets were right behind, so when you went to shoot them, you had to be sure all the plates we off the star and you shot between the arms.

We didn't have much down range. Most all the targets on all the stages were lined up so you really had to watch where you were shooting.

Next month we had a request or the Texas Star with pistols. We will have 2 stages of it so bring your smiles.

Sutro Gringo will be filming us next month and anyone there gets a free dvd disc so come on out and have some fun.

It's a little early, but the Buffalo Shoot is coming so start thinking of coming out and joining us and have some fun. Remember, you **MUST BE DRESSED COWBOY, OR LIKE A BUFFALO HUNTER.**

After the shoot several of us went down for pizza and just sat around stretching the truth a bit.

Hope to see you next month. Keep your powder dry.

Sagebrush Sam.

NEW LOOK FOR THE SCORE PAGE

At the August meeting Dewey Boggs brought up the subject of the score page. He said he would kinda like to see the misses he had on stages because like most of us he can't remember. We all agreed with him and so, Carson Kate went to work on it and included the misses and procedural on the page. The updated page is included in this newsletter. Many thanks to Kate for taking care of this. She will be taking care of the scores while I am out of action.
